PRINCIPAL'S WELCOME

History remains witness to the greatest events those were enough to shake the World, shame the humanity and bring manifold sorrow to the mankind. It is in this unfortunate morass of blood, violence, and treachery that Public International Law was born as the only hope to restore the faith of mankind in principles of humanity and the rule of law. Tracing its roots deep down in history from Westphalian era to the creation of the United Nations, the Public International Law indeed has traversed a long and remarkable journey and has itself experienced a robust transformation. The two World Wars have deeply damaged the very soul of public international law beyond its redemption. However, the Nations re-united their strength to establish a new international order in which almost every State fostered its respect towards the rule of law.

Today, there is a paradigm shift in the realm of Public International Law mainly due to remarkable advancements made in the information, communication and technology converting the World into a 'Global Knowledge Hub'. The Globalization has become a revolutionary reality thereby providing a great deal of leverage for the free flow of information, speedy transportation, and nascent exchange of ideas and movement of the people. As we all leap fourth in the new decade of information age and knowledge society that sternly beseeches the call for wisdom, we must both welcome and embrace the unprecedented growth, ground breaking changes and unparalleled challenges those have emerged in the limelight governing the relations between the various States and to some extent the Non-State entities including the individuals.

We, at Bharati Vidyapeeth (Deemed to be University) New Law College, Pune- India, are elated to invite you all to be a part of the never-before endeavor of our institute to navigate the new contours of International Law in the two days International Conference on "Public International Law". The Conference is primarily aimed to explore the unseen adventures, opportunities and challenges that lie underneath various issues concerning international law.

We expect a great deal of dialogue, research and other academic deliberations during the Conference and extend our best wishes to all the participants.

DR. BHAGYASHREE DESHPANDE
I/C PRINCIPAL
