

About Cultural Cell

Culture is the widening of the mind and of the spirit. The Cultural Cell of the college plays a vital role in the preservation, promotion and dissemination of art and culture through organisation of various competitions and participation in different competitions which helps the cell in identifying the hidden talents of the students.

The prime motive of the Cell is to develop the cultural and aesthetic values among the youth. In pursuance of this objective, the Cultural Cell organizes various competitions in order to harness the unusual intelligence of the students. It also encourages the students to participate in other competitions organized by other institutions.

New Law College has always believed in striking a balance between extra-curricular activities and academics so as to give every student all round education. Keeping this in mind, the students have always been encouraged to take part in cultural activities.
